- Simodev8@gmail.com
- 0643553416

Skills

- Laravel / PHP
- Vue / JavaScript
- Bootstrap
- HTML / CSS
- SQL / MySQL
- Git / Github

Professional Summary

I am a full stack web developer based in Morocco and I build websites for years, which bring companies ideas to life. I help convert visions and ideas into meaningful and useful software products. Having the ability to transform requirements into useful websites helps me prioritize tasks, iterate fast and deliver faster. Take a look at my portfolio work and let's see if we can work together on your next project.

Projects

FlatEstate

- FlatEstate is an online real estate marketplace. In FlatEstate you can sell and rent your estate directly to other users.
<http://flatestate.azurewebsites.net/>
